

To Create The Beautiful Harmonies That Make **Perfect Music**

It is absolutely necessary that the piano be a strictly high grade scientifically constructed instrument, equal to the delicate pianissimo, and alike to depicting the fire and spirit of the musician's fancies. What would the thrilling works of Liszt sound like on some of the tin pans that, disguised and spirited in among reputable pianos, are represented to the buying public as high grade, sweet-toned instruments? Such pianos will prove their worthlessness before they have had even ordinary usage.

In buying a piano be sure that the purchase is made from a company that bears a reputation for selling strictly first-class instruments and no other.

The Cable Company's trade mark is recognized the world over as an absolute guarantee that their instruments are standards of piano manufacture.

components of the most successful season in its history. The fishing cason in its history. The fishing cason in its history. The fishing cason is at its height in the Valley, and a large quantity of mountain base and other varieties of delicious fresh water fish are being hauled in by the guests. Last Saturday night witnessed an old-fashioned country barn dance, which created a great deal of laughter and made many of the participants and onlookers feel that the square dance of by-gone days was by far prettier and more graceful than the up-to-date round dance of to-day. There were about twenty-five young couples on the floor and four couples of more advanced years who have never before appeared in the ball-room at the Sweet castybeate, al-

with pretty little bonnets and aprons, while the boys appeared as country lads in overalls. All the girls were positively beautiful, while the effect produced on the boys was exactly the opposite. A hay-stack in the center of the ball-room, on which were seated several cduples, made a very pretty scene.

Some of those who danced were Misses Yonge, Green, Hume, Kensett, Harlowe, Glennan, Budd, Rice, Fitzgerald, Botts, Scott, Mollohan, Whiting, Brothers, Margaret and Alice Old, Philips, Kate and Helen DuBose; Messrs, Glennan, Charles and Herrold Sterrett, Green, Tom, Joe and Heath Hume, Smith, E. The phantom ball given Tuesday night attracted a larger crown than usual and the spacious ball-room was almost taxed to its capacity. The most amusing feature of the whole summer was the march which opened the ball, led by one of the little poines of the manager, dressed in sheets and pillow cases, with pretty lite pink socks covering his hoofs. A Great Bowling Party Marked Opening of the Week.

MONDAY EVENING GERMAN

Stockton Terry Drives His Family to Lynchburg in a Day.

ber 2.-The closing week of August showed no abatement in the round of pleasure here, which began with a large bowling party, given by the "Bandana Brigade," that had been reinforced by Mr. gade," that had been reinforced by Mr. S. M. Sudduth and Mr. R. H. Wilkinson, There were forty-two merry bowlers and as many more looking on at the fun and applauding the good hits. As handsome prizes had been heretofore given, it was thought that a "little nonsense" might be relished on this occasion, and to Mrs. William Venable, of Farmville, who was the champion, a unique Parisian (?) hat was given, purchased at one of the mountain dry goods (or "department") stores, and to Miss Emily Taylor, of Norfolk, who had captured second place, a cake of soap and a safety pin was presented. Mr. Dickerson was awarded a pair of overalls for gentlement's first honors, while Mr. Goodwyn, of Richmond, was presented with a small boy's hat, to crown his more than six feet of excellence in second score.

Mrs. Stone, of Galveston, presented the prizes in humorous speech and presided over the punch bowl, assisted by Mis. Venable, Mrs. Pretiow and Mrs. Goodwyn. A large german of tity couples ended one happy summer day.

Next on the programme was a morning german of twenty couples, led by Mr. Jack Pretiow, and a german again at night, with twenty-five couples and ten expectant "stags," "waiting for a partner."

Mrs. Bornefold, of Galveston, entertain-S. M. Sudduth and Mr. R. H. Wilkinson.

Mrs. Bornefeld, of Galveston, entertained a party with the game of "sixty-three" in charming style, after which claret punch was served and toasts given. Another german was danced on Monday evening—in fact the large number of men encamped here, afforded opportunity for the german every day and evening—and "on with the dances" was the continual watchword. Then came the breaking of the camp, of the famous "brigade" by the departure of Mr. Burgess and Mr. Pretiow and Mr. Sudduth. Mr. Bailey being on furlough, still lingers, with quite a large corps of assistants, the Messrs. Six couples attended the performance of Tim Murphy in his new play, at Roanoke, on Wednesday evening. The party was Mr. Balley and Miss Willis; Mr. Wilkinson and Miss Rosalle Willis, and Mr. Cockrell and Miss Pretlow.

Mrs. Stone entertained with sevenhand cuchre on Tuesday svening. Mrs. W. L. Moody, Jr., won a pretty has tel for the first prize, and Mrs. Walter Addison was suggested to "mend her ways."

Mrs. William M. Hill, Mr. and Mrs. Laurence Smith and Miss Hill, of Richmond, daughter and granddaughters of General Julian Harrison, were notable arrivals of the week.

Mr. Stockton Terry, of Lynchburg, with his interesting family, left this morning for a carriage drive to Lynchburg; with his fine team he will make the trip of forty-two miles easily in a day. He has spent the summer driving through the mountains, and says that he has found some "poetry of motive," in this delightful mode of travel. This was his second stop at Biue Ridge, and his return was warmly welcomed.

A large party of young ladies, chaperoned by Mrs. Carroll, all from Lynchburg, attended the german on Friday, and finding so much gayety here, stayed over with their drees-sult cases for three days. Colonel Spaight gave a duplicate whist party on Wednesday evening, which was

At no time this summer has the plazza presented such animated scenes as now. The affectionate farewells, the promises to meet again, as the stages depart, filled with some of the guests of the last two months, only to return leaded with those arriving for September, and who should be congratulated, for it is the consensus of opinion that this is the helecon month of the whole year in this charming valley. The weather is perfect. One lives out of doors. Messys, E. A. Saunders, Jr., H. S. Saunders, Edmund Saunders, Samuel A. Clark and Drewry Coulter started August 28th on Mr. II. S. Saunders's launch, "The Angle," for the week down the James and up the Chickahominy Rivers, on a gunning and fishing trip. The launch left Upper Shirley about 8 o'clock, amidst ringing of bells and tooting of horns. The Angle had not gotten far when troubles hegan. The first was Edmund Saunders, thinking there was great danger of too quick a trip down the river, threw the anchor out in the river, when to his amazement he found it was minus a rope. After two hours' search with grappling fron they hauled it on board and started.

amazene two hours' search with grapping iron they hauled it on board and started.

Next on the list was when the steam tug, the Salisbury, of Philadelphia, went sailing by. The big waves struck "Tho Angle," rocking it so that the chest containing the many good things to strengthen the inner man went floating out on the James. At this sed accident all the gentlemen made a wild dash to recover the chest, and after some time landed it safely on board, not much worse for water, and then the last capped the trip for that day. A barrel of gasoline, which thay expected to take on at City Point, had not arrived from Richmond, so back they had to go to Shirley and make a fresh start the next day.

Mr. Royal Gatewood, the mail carrier on this route, is very sick with billous fever at the home of his brother Mr. James Gatewood, in Henrice county.

Rey. D. C. Martin, of Pittsburg, Pa., who is spending the summer on his farm near Elko, is having a large bank barn, 60x52 feet, built. He hopes to have it roofed in in a few days. This will be one of the largest barns in this neighborhood. Dr. Martin intends building a large sile before returning North.
